

#### Good Word for Franco

SENATORS Scott Lucas of Illinois and Bill Fulbright of Arkansas, both Democrats, gave newsmen the slip the other day and paid a private call at the state department. Their purpose was to put in a good word for Franco Spain.

Just back from a trip to Madrid, Lucas and Fulbright said they thought it was about time Spain was admitted back into the good graces of the western nations. They urged the state department to take the lead and review American policy toward Spain.

State department diplomats, however, cautioned against appeasing Franco at the risk of antagonizing the United Nations. It was by a U. N. vote that Spain became an international outcast, the senators were reminded.

#### Berlin Trouble

U. S. air force chiefs flatly deny it, but the Berlin airlift is expected to break down in November. Chief difficulty will be weather.

Other difficulties are the fact that planes are subject to terrific wear and tear, with little time for overhaul. Also, it's significant that Britain's RAF actually is carrying 45 per cent of all freight into Berlin. Anglo-American cooperation has been excellent, though the British aren't getting credit for their part of the job.

In November, simultaneous with murky weather, the airlift will be called upon to carry much more coal. Several million people in Berlin will be howling for it. The city already is on minimum rations. A deep-freeze unit in Berlin is worth nothing. Reason: electricity is turned off most of the day. Housewives can't begin cooking until 6 p. m.

Berlin's complete blackout to save coal has made the city a paradise for burglars. They are now so brazen they have been breaking into homes while occupants were still awake.

November bad weather also will coincide with probable political uncertainty in the U. S. If Dewey wins, as seems certain, the American government will be in a state of flux between November and January. That is the time to watch for real trouble with the Russians.

#### U. S. Plot Against Peron?

Here is the exclusive inside story of the alleged "assassination plot" in Argentina:

John S. Griffiths, the American named as "chief instigator of the conspiracy," was cultural attache of the U. S. embassy in Buenos Aires under former Ambassador Spruille Braden. As such, he took an active part in Braden's campaign to aid the Argentine Democratic Union, which opposed the presidential candidacy of Juan D. Peron in 1945-46.

When Braden returned to Washington in September, 1945, Griffiths took over direction of this Democratic Union campaign. His activities, however, were consistently hindered by John Cabot, who remained as U. S. charge d'affaires, and who had never sympathized with Braden's methods. After Braden departed, Cabot refused to cooperate with Griffiths in any way, even denying him access to cables received from Washington.

Following Peron's election and the appointment of George S. Messersmith as ambassador to B. A., Griffiths resigned from the U. S. diplomatic service, but remained in the Argentine capital as technical adviser to several U. S. export firms.

Seven months ago, Griffiths was summarily expelled from Argentina, on the charge that he had fomented a strike of bank employees in Buenos Aires. Two bank-strike leaders, who had been fired from their jobs, submitted testimony that they had no connection or acquaintance with Griffiths. However, these statements were rejected by the court and never published in Argentina.

Griffiths returned to the U. S. last March, lined up three export representations from Uruguay, and departed for Montevideo in May. He has since been living there with his son, John Jr., 17, in a \$25-a-month apartment, scantily furnished, making just enough money to get along.

On a strictly voluntary and unofficial basis, without pay, Griffiths has also served as confidential adviser to Ellis O. Briggs, U. S. ambassador to Uruguay, on various Argentine developments. Briggs is really the top man of the U. S. foreign service for the southern part of South America.

The "plot" announced in Buenos Aires named Griffiths as principal conspirator because he was the ideal goat. Although identified in the Argentine public mind with Braden, he is now out of public life and can be accused without automatically causing an international incident.

### Republicans Proud Of Dewey-Warren Record-Reese

As we go into the final week of the 1948 campaign the Republican Party can be proud of the kind of campaign which has been waged by its standard bearers, Governor Thomas Dewey, Governor Earl Warren and Congressman Jack Anderson.

The party can also be happy over the multiplying indications of overwhelming victory which this well conducted campaign, which makes Americans proud that they are Americans, has produced.

The appeal to unify the nation above partisan quarrels gets greater support each day.

George H. Earle, former Democratic governor of Pennsylvania, calls upon 'all Democrats who place the survival of their country before party loyalty to support Governor Dewey. For the sake of my family, my country, and my people, I pray God he be elected.'

Charles Edison, former secretary of the navy and one-time Democratic governor of New Jersey, supports Governor Dewey with this statement: "Our government house is choked with litter and rubbish. It needs a thorough housecleaning. We must have a complete change of management."

It is obvious that for the high office of the President, vice-president and Congress of the United States the people prefer men who get things done, and who know how to do them. It is obvious that the people prefer men in high executive positions willing and able to co-operate with all branches of government.

The records of Thomas Dewey, Earl Warren and Jack Anderson prove conclusively that their promises are made to be kept—not to be ignored or broken. And the record of our Republican Congress, when compared with campaign promises made prior to the 1946 election, adds up to the same result—A Republican promise can be accepted at face value.

It is highly important—even essential—not only from the standpoint of our domestic welfare but of the peace of the world as well, that we have in office during the coming critical years an administration and a Congress able and willing to keep its promises.

The contrast between the Republican campaign and the "give 'em hell" technique of the opposition is startling. Possibly something of this nature was needed to bring home to the people a realization of the low state to which the high office of the presidency can descend.

We, the Dewey-Warren committee of Campbell, contend "big jobs call for men who can measure up to their responsibilities." We urge the election of Dewey and Warren and keep Jack Z. Anderson in Congress.

FORREST A. REESE, chairman, Campbell Dewey-Warren committee.

### Local Bank Robbed—Almost!

Excitement gripped Campbell Avenue early Sunday morning when word flashed that the Campbell American Trust Company Bank was being robbed.

Three county sheriffs patrol cars sped to the scene, summoned by John D. Clemens, Campbell motor patrolman, who noted that the safety light over the vault was out and a red blinker light on the switchboard was going. Officers of the patrol cars surrounded the building and trained flashlights on the doors, windows and roof.

Arthur Mayo, assistant manager, was summoned from his home and after every precautionary measure was taken, he unlocked the bank doors. Officers with drawn guns swarmed through the building and discovered—nothing.

The light over the vault had burned out and someone had forgotten to punch a button on the telephone which disconnects the red signal light.

So, after all the excitement, Mayo replaced a burned out bulb, and punched the right button, while the officers replaced their guns.

But isn't it nice to know that we do have protection like that? It might not always be a false alarm!

### Local BPWC Is Now Member of National Body

The Campbell Business and Professional Women's Club became a part of the National Federation on Wednesday evening when Mrs. Lela Swasey, state president, presented the charter to the newly formed group. Mrs. Swasey, who came from Santa Cruz for the occasion, explained the functions of the national organization and urged active participation from the new members whose unit is now a part of the Bay Area division.

Mrs. Jeanette Anderson of Stockton, district president, told the members and their guests that the Business and Professional Women's Club is the largest organization in the world devoted to the affairs of women and women's rights. Of special interest to the new club was the information that the California membership comprises one-tenth of the national membership.

Also on hand were Miss Lenore Ghetty and Mrs. Helen Smith of the Los Gatos Club who were instrumental in forming the Campbell Club.

Mrs. Winifred Goodell, president of the new group, urged all members to vote and announced that Miss Nina Blakely of the Los Gatos Club will be the speaker at the November meeting.

Other officers of the club which meets at the Campbell House every two weeks are Miss Jane Parr, vice-president; Mrs. Elizabeth Stoner, recording secretary; Miss Aileen Cowdery, treasurer, and Mrs. Hanna Berglund, corresponding secretary.

### Congressman Jack Anderson Speaks at Legion Meeting On Un-American Activities

Congressman Jack Anderson was the guest speaker Wednesday evening at the American Legion Post No. 596 pot luck supper held in the IOOF hall. Anderson, who spoke before a packed hall, was introduced by Forrest Reese, Legion Americanism chairman, as a man who speaks the truth.

The House Committee on Un-American Activities was the main topic of Anderson's talk which was recorded for later broadcast over radio station KEEN. The committee, said Anderson, which is now a permanent standing committee of the House, is doing a good job for the general welfare of the country, not for personal gain and is not being used as a red herring.

Their definite objective is the flushing out of subversive elements, for the essential security of the country depends on our being strong in time of need. Anderson went on to speak of the reorganization of the legislature with the merging of the House Naval and Military committees into the one House committee on armed services as being for increased efficiency. He stated that in order to criticize the administrative branch of the government it was necessary to correct their own faults first and cut out excessive expenditures.

The combined committee is a non-political and non-partisan body under the direction of the new Secretary of Defense which oversaw the unification of armed services. It is their duty to survey the situation and see the mistakes which were made before and correct them so that we remain strong. In these critical times we can't be weak, we must have a strong, mobile, ready-equipped force ready to go.

The Selective Service act, which will build our present armed force strength from 1,300,000 to two million men is necessary to protect our internal and international security.

Following the supper the combined Legion and Auxiliary groups met in the upper hall to witness the installation of the new officers of the Sons of the Legion with Pete Navarro, 13th District Sons of Legion chairman, as installing officer. New officers include Captain Bill Holland; Past Captain, Garland Rodgers; First Lieut., Vernon Cobb; Second Lieut., Anthony Manzoni; Adjutant, Raymond Coupland; Chaplain, Sherwood Rodgers; Finance Officer, Ed Lee; Historian, Theodore Bohn and Sgt.-at-arms, Robert Olmetti.

Assisting Navarro was James Peck, James Brand, Sidney Branneman, O. B. Averitt, and Forrest Reese. Navarro also took the opportunity to congratulate the boys on behalf of the California detachment as having the second highest enrollment in the department, with 26 members in all during the last year.

Other distinguished guests included Dr. and Mrs. Corwin C. Olds, Jim Caputo of Radio KEEN; Mr. and Mrs. Lawrence Hill, Dean Chamberlain, Mr. and Mrs. William Henley, Lowell Benson, Mr. and Mrs. James Arends; Violet Cheney, President of the Canadian Legion Auxiliary; Mr. and Mrs. Sidney Brennenman, Nick Colombo, O. B. Averitt, Pete Navarro, Bill Bailey, Harold Johnson and Chris Massberg.

SAN JOSE ...

Dewey has record of efficiency. This efficiency that has cut taxes in New York State, reduced the State debt 27% in four years, built up a surplus to \$623 million ... this kind of efficiency will give the merchants and little business a break we've needed for so many years. PALO ALTO ...

With the University here, we appreciate Dewey's liberal education policy: Under Dewey, the first three GI colleges in America were established. Dewey insisted on providing extra facilities for 100,000 GI students. New York State established 4,800 new scholarships for veterans, each worth \$350 a year for four years. Dewey boosts teachers' salaries also. Palo Alto is voting for Dewey-Warren.

GILROY ...

Dewey is a dairy farmer ... he knows ranchers' problems. Dewey's common-sense, out-of-the-clouds judgment will cut out government hindrance of agriculture. Gilroy is voting for Dewey and Warren. We recognize the Country's need for qualified leaders in the top jobs of the United States.

LOS GATOS ...

We know our Governor Earl Warren very well. We know Tom Dewey is the same type of high calibre man. He showed this in being responsible for the lowest strike rate of any industrial state, banning job discrimination, extending the minimum wage law, providing housing for 160,000 persons. Dewey's vigorous health program, provisions for free TB hospitalization shows he's a man of character. We need Dewey and Warren in the Capital. Los Gatos is voting for them!

# 30 GRAND JURIES CAN'T BE WRONG

## The 1947 Grand Jury Report says:

"... The task of administering a \$25,000,000.00 a year business calls for professional ability which can hardly be expected from me who must give preference to their individual district, their private affairs, and finally the business of the County as a whole."

## The 1945 Grand Jury Report says:

"... This Grand Jury concurs with previous juries in recommending that the 'man on the street' do something about this situation. He can go on paying higher and higher taxes for less and less service, or he can go to his neighbor and with him combine with other neighbors to change the rules. No precedents need be broken to change the rules. Hundreds of other Counties throughout the Country have done it. Other California counties have done it. We recommend concerted action by all our civic minded persons and organizations..."

## The 1944 Grand Jury Report says:

"... Our present Supervisors have much to answer for in their management of County affairs. Lack of cooperation has so nullified the merit of the individual supervisors that as a group they have failed to function effectively."

## Your County Charter

➤ provides for a qualified County Executive... a man with professional ability... to administer the business of the County. He is responsible to the County as a whole through the Board of Supervisors.

## Your County Charter

➤ is your answer to this indictment of our present County Government. Written by 15 of your friends and neighbors, your County Charter changes the rules. It gives you, the taxpayer, the sound, economical County government that will cut your tax bills.

## Your County Charter

➤ by placing full responsibility on the Board of Supervisors, forces them to act in the interest of the County as a whole. They must work for overall County interest or face defeat by their electors.

## Patricia Whitmore Becomes Bride at Sunday Ceremony

Miss Patricia Sue Whitmore became the bride of Ivan Lobrovitch Sunday at an impressive ceremony before the candle-lit altar at St. Lucy's church. For the double ring service Miss Whitmore wore a white moire gown with a fitted bodice and white elbow gloves. A half-face veil was caught with a pearl cornet and she carried an orchid bouquet with bouvardia streamers. She also carried something borrowed, something blue, something old and something new in the traditional manner.

White chrysanthemums and lighted tapers decorated the church where the wedding vows were exchanged before Rev. Denis Kennelly. Serving as maid of honor was Miss Katherine Ban who was gowned in a yellow satin formal with a cornet of blue chrysanthemums and carried a bouquet of the same flowers.

Mrs. W. B. Whitmore, mother of the bride, chose a coca colored suit for the occasion with brown accessories and wore a yellow and brown flecked orchid corsage. The groom's mother, Mrs. John Lobrovich wore a blue dress trimmed in sequins with black accessories and an orchid corsage.

George Linden of Campbell served as best man with ushers' duties being carried out by the bride's brother, Warren Whitmore, Jr., the groom's brother, Franklyn Lobrovich, Loren Warning and Ronald Roski.

The bride, who was given away by her father, is the daughter of Mr. and Mrs. W. B. Whitmore of Campbell Avenue. She is a graduate of Campbell Union High school where she was active on the student council. She also attended San Jose State college.

Following the exchange of vows a reception was held at the home of the bride's parents for close friends and relatives of the family. The three-tiered bride's cake was topped by two doves carrying wedding rings, while the home carried out the bridal decorations with white chrysanthemums and greenery.

## Carboni's Observe Golden Wedding Anniversary Sun.

Mr. and Mrs. Louis J. Carboni, who were married in the old Mission Santa Clara in 1898, celebrated their golden wedding anniversary Oct. 24th in their home Lou-Vo Lodge, 381 Hacienda Ave., Campbell.

The large living room was bright with masses of gold color chrysanthemums and candles, and the lace-covered tea table (at which Mrs. Wendell C. Thomas and Mrs. Jay J. Pardee presided) was beautiful with an arrangement of golden blossoms, maiden hair ferns and tall gold tapers.

Many friends called during the afternoon hours to offer congratulations to the happy couple. Relatives and friends of their youth remained for the evening when Mr. and Mrs. Carboni were complimented with a dinner given by Mrs. Carboni's cousin, Mrs. Irma Garner and Mrs. Neville Lee, a close friend.

## WHERE WHISPERS TURN TO SHOUTS

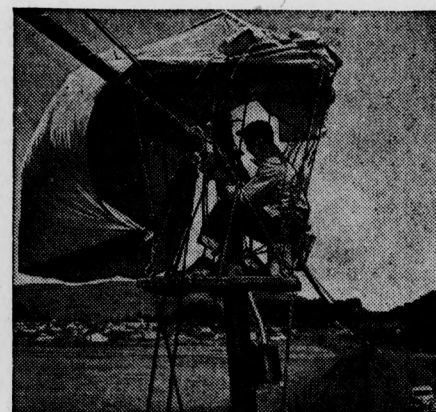

How outpost repeater stations keep your long distance calls at almost home-town clarity

1. Your voice gets a boost in repeater stations like this one. For currents fade on the lines and without amplifiers, your voice would soon be lost. The equipment can literally turn a faded voice into a roar. Much of it requires only periodic check-ups like the one the technician is giving it here.

2. Vast Western distances make it necessary for us to build stations all along our cross-country lines to keep your voice going through with normal clarity and volume. On some lines repeaters are spaced 70 miles apart. On others they're as close as 8 miles. You may have noticed some of them from the highway.

3. Specially-trained men keep a 24-hour watch at key stations. When they spot possible trouble they get a crew on the job in a hurry . . . often before lines go out. For putting cross-country calls through reliably, with cross-the-street clarity, is part of our job of furnishing the best possible service to the West.

4. When you make a telephone call, you hire a valuable servant at low cost . . . a more useful servant than ever. It can do more jobs . . . run more errands. For today there are twice as many telephones in the West as ten years ago. Thousands more go in each week. And each new telephone added makes every other telephone more useful.

## Sen. Scout Patrol Formed - Beavers Elect New Officers

At the last meeting of Troop 31, sponsored by the Campbell Congregational church, a new senior patrol was formed. The idea of having a senior patrol is a dream that the Troop members have had for a long time. Members of this new group are Gerald Gilliam, Jay Martin, Roy Nelson, Noel Whaley and Dick Gled. An active program is being planned by the boys and it looks like a real success. The idea behind the formation of a senior patrol in the troop is that some day they hope to become an Explorer Post, Explorer Scouting is for boys from the ages of 15-18 with a program suitable for this age group.

With the leaving of the older group of boys into the senior patrol, many vacancies were left in the troop officers. The new Senior Patrol leader is Henry Ramp. The offices of Troop Scribe and Historian were taken over by Ron Gilpatrick and Mike Devitt respectively. Gene Vargus was elected to the position of patrol leader of the Beaver patrol. The Troop has many activities on its Troop calendar in the near future the most important of which is the Court of Honor to be held at the High School in November. Other activities include a trip to Mt. Hamilton next month and a snow trip to the Sierras in February.

The members of Troop 31 wish to thank all those who helped them make their recent rummage sale a huge success. Special thanks go to the J&A Market for the use of their parking lot to hold the sale and the Campbell Press for publicity. The sale was held under the leadership of Harry Smith, Troop committeeman, and its success was due largely to his efforts. The money earned will be used for a troop snow trip.

## Methodist Women Gather Goods for Overseas Relief

This week the Methodist Church is gathering food and clothing for overseas relief. The packages will be mailed to England, France, and Germany in time for distribution before Christmas. Warm used clothing and yard goods are needed, while dried fruit and condensed foods are emphasized on the food lists. Bundles and packages are being left at the Methodist parsonage during the week, and Mrs. A. L. Beck is arranging to have cars stop at homes for bundles from any person calling her at Campbell 2490.

The packages for England are being planned through Mrs. Rose E. Hangar, while the gifts to France are being packed by Mrs. Henri Quetin, and the packages for Germany by Mrs. Helen Spruit.

The Woman's Society of Christian Service, with Mrs. J. M. Dahl as president, is sponsoring this food and clothing drive. Mrs. H. E. Burke, the Secretary of Supplies, has worked out the details of the plan as a part of her committee activity.

## Don't Be A LEGISLATIVE BEGGAR

vote **NO** on proposition No. 13  
(The Senate-packing Reapportionment Scheme)

AND  
prevent left wing radical bosses from making legislative beggars out of you and your communities!

## HERE'S WHAT PROPOSITION No. 13 DOES TO YOU:

- IT makes your vote worthless by turning over absolute control of Legislative Government to the four coastal metropolitan areas of California.
- IT scraps the "Federal Plan" of check-and-balance representation in Senate and Assembly — a plan tested nationally by over 150 years of Congressional law-making under which metropolitan and non-metropolitan areas have a dual voice in government.
- IT paves the way for a return of bossism in even more vicious guise than existed before Left-Wing Radicalism was injected into modern power politics.
- IT tells rural California, and the inland cities, covering 94 per cent of the State's area, and producing most of the State's new wealth, to keep quiet about the affairs of their Government.
- IT concentrates the power to tax—which is the power to destroy—in the hands of big metropolitan interests and substitutes class conflicts for the understanding and cooperation now existing between city and country dwellers.

## IT MAKES YOU AND YOUR NEIGHBORS LEGISLATIVE PAUPERS Don't let this happen!

Rally your voting strength; tell your neighbors and friends in San Francisco, Los Angeles, San Diego and Oakland how you feel about this scheme. Get out a 100 per cent "NO" vote on Proposition No. 13. YOU'LL NEED IT TO DEFEAT THIS SENATE-PACKING POWER GRAB!

## Modern Equipment Received At Campbell High

The domestic science classrooms at the Campbell Union High School have taken on a modern look with the recent installation of new equipment in the latest style, according to an announcement made recently by Laurance J. Hill, school superintendent.

Two new electric Frigidaires, both 11 foot boxes, are included in the new equipment, one including a deep freeze unit for domestic storage. An electric mangle and ironer, plus two electric clothes dryers and three Frigidaire automatic washers make up the balance of the new equipment.

Purpose of the new equipment is to acquaint members of the domestic science class with the

most advanced in household labor saving devices and their usage. Installation of the equipment was made by the J. A. Brand Furniture and Appliance Company of 52 S. Winchester Road, on a five-year, non-profit contract basis. The equipment will be replaced each year for five years by the latest models in order that the

most modern equipment will be available for school use. The equipment was demonstrated for the classes by Mrs. J. A. Brand. Both boys and girls now taking cooking classes and girls in the domestic science classes are going to make use of the equipment.
